

84 Cox Street MUDGEES NSW

4  1  1 

This old gem has a few surprises, the property has an enormous backyard with numerous sheds, as well as a stand alone lock up garage.

the interior of the property is a work in progress and has a few rough edges but makes up for this in size. The house is either a three bedroom home with a study or could be used as a four bedroom at a pinch. The lounge has a near new split reverse cycle air conditioner, the rear entertainment area has a pot belly stove for those frosty mornings. This would be one of the best value rental in Mudgee at this time.
