

## MUDGEES

4  2  2 

This is quality new living at an affordable price in a sought after Mudgee south estate.

The home comprises four bedrooms, two bathrooms, abundant living space and is set in a quiet cul de sac location. Having an ideal northerly aspect ensures loads of natural light fills the home and enhances the feeling of space.

Stone bench tops and splash backs along with stainless steel appliances are impressive features in the kitchen.

The home is fully insulated and has ducted reverse cycle air conditioning throughout.

The surrounds are fully landscaped and fenced and are relatively low maintenance. A double lock up garage completes the package.

Ask us about current stamp duty concessions available to purchasers.
